ABOUT VAIBHAV LAXMI CORPORATION

Vaibhav Laxmi Corporation is a leading supplier and manufacturer of premium quality electrical fastening accessories based in India. With years of experience in the industry, we have established ourselves as a trusted partner to distributors, OEMs and electrical professionals nationwide.

OUR STRENGTHS INCLUDE:

- **Uncompromising Quality:** Superior products manufactured from high grade, virgin materials ensuring exceptional strength, durability and performance.
- **Consistent Supply:** Reliable supply chain set up established to fulfil both quantitative and diverse orders with timely delivery to meet your needs.
- **In-House Manufacturing:** We produce our own tie mounts using our own moulds and raw materials, meeting all the necessary industrial standards and certifications.
- **Trusted Partners:** Committed to long-term relationships by offering dedicated customer service and tailored solutions to meet your specific requirements.

PRODUCT RANGE

NYLON CABLE TIES

Durable nylon ties for securing cables and wires

SS CABLE TIES

Stainless Steel cable ties for outdoor use and durability.

WIRE-NUT CONNECTORS

Twist-on wire connectors for secure electrical connection.

TIE MOUNTS

Adhesive and screw mount bases for cable ties.

CLOSED - END CONECTORS

Cap-style crimp connectors for insulated wire termination.

NYLON CABLE TIES

- SECURES AND ORGANISES WIRES, CABLES & BUNDLES EFFORTLESSLY

PRODUCT USES

- Ideal for bundling wires, cables and hoses.
- Used in electrical panels, automation, infrastructure, & construction projects.
- Main function is to organize, secure and manage.

TECHNICAL SPECIFICATIONS

Material

PA66 (Polyamide 6.6)

Tensile Strength

18 lbs to 175 lbs

Temperature Rating

-40°C to +85°C

Color Options

Natural (White), Black (UV Stabilized)

Certifications

RoHS, CE, UL 94V-2

UV Resistance

Black variants — UV stabilized

AVAILABLE SIZES

- NOTE :- All sizes come in a packaging of 100 pieces per packet.
- Quotations will be provided separately based on quantity.

100 X 1.9	100 X 2.5	100 X 3.6	150 X 1.9
150 X 2.5	150 X 3.0	150 X 3.6	150 X 4.8
200 X 2.2	200 X 2.5	200 X 3.0	200 X 3.6
200 X 4.8	200 X 7.6	250 X 2.7	250 X 3.6
250 X 4.8	250 X 7.6	300 X 2.7	300 X 3.6

AVAILABLE SIZES

300 x 4.8	300 x 7.6	350 x 3.6
350 x 4.8	350 x 7.6	400 x 3.6
400 x 4.8	400 x 7.6	450 x 4.8
450 x 7.6	500 x 4.8	550 x 7.6
600 x 7.6	800 x 9.0	920 x 9.0
1000 x 9.0	1200 x 9.0	

SS CABLE TIES

- Heavy-duty stainless steel cable ties for extreme environments. Ideal for solar project installations, construction sites, marine, chemical, and high-temperature applications requiring superior corrosion resistance.

WIRE-NUT CONNECTORS

PRODUCT USES

- Ideal for connecting and insulating multiple electrical wires securely.
- Used in residential, commercial, and industrial electrical installations.
- Suitable for quick wire splicing without the need for electrical tape.

TECHNICAL SPECIFICATIONS

- | | |
|----------------------|-------------------------------|
| • Material | Flame-retardant thermoplastic |
| • Wire Range | 22 AWG to 10 AWG |
| • Voltage Rating | 600V |
| • Temperature Rating | 105°C |
| • Certifications | RoHS, CE, UL |
| • Spring | Electro-plated square steel |

AVAILABLE SIZES

TYPE	COLOR	WIRE RANGE	RATING	PCS/PKT
P ₁	GREY	2-3 WIRES	22-16 AWG	1000
P ₂	BLUE	2-4 WIRES	20-14 AWG	1000
P ₃	ORANGE	2-4 WIRES	18-14 AWG	500
P ₄	YELLOW	3-4 WIRES	18-12 AWG	500
P ₅	RED	2-6 WIRES	18-10 AWG	500

PRODUCT FEATURES

- Strong grip ensures secure and reliable wire connections.
- Easy to install with a simple twist-on mechanism
- Vibration resistant for long-lasting performance.

TIE MOUNTS

- We manufacture the tie mounts using our own molds and raw materials that fulfill and meet the industrial standards.

PRODUCT USES

- Tie mounts are used to secure cable ties to a fixed surface, helping organize and manage cables and wiring in a tidy and efficient manner.

TECHNICAL SPECIFICATIONS

- | | |
|----------------------|---------------------------------------|
| • Material | HD (High Density) |
| • Mounting Type | Adhesive / Screw Mount |
| • Temperature Rating | -40°C to +85°C |
| • Max Tie Width | Up to 4.8mm |
| • Certifications | RoHS, CE |
| • Color | Natural White |
| • Adhesive Options | Regular adhesive or 3M adhesive tapes |

AVAILABLE SIZES

19mm x 19mm

- Adhesive mount only
- For ties up to 3.6mm

25mm x 25mm

- Adhesive & Screw mount available
- For ties up to 4.8mm

CLOSED-END CONNECTOR

- Close End Connectors are used to safely terminate and insulate groups of wires, providing a secure and easy connection without the need for soldering.

PRODUCT USES

- Ideal for terminating and insulating multiple stranded wires.
- Commonly used in electrical wiring and other wire harness applications.

PRODUCT FEATURES

- Quick and secure connectors.
- Translucent nylon material for easy inspection.
- Includes internal copper crimp.
- Rated for 300V and 150°C (221°F)

AVAILABLE SIZES

- | | |
|-------------------|-------------------------|
| • Type | CE2 |
| • Material | Nylon insulated |
| • Wire Range | 18 AWG to 14 AWG |
| • Voltage Rating | 300V |
| • Insulation | Nylon — flame retardant |
| • Certifications | RoHS, CE |
| • Crimp Type | Barrel crimp |
| • Quality Options | Heavy Duty / Light Duty |

WHY VAIBHAV LAXMI CORPORATION

Vaibhav Laxmi Corporation is dedicated to providing reliable electrical fastening solutions. With a focus on consistent quality, certified materials, and dependable service, we cater to the practical demands of industrial and electrical applications across India.

KEY ADVANTAGES

- Consistent product specifications across all batches.
- Use of certified, industry-grade materials to ensure performance.
- Tailored solutions for electrical and industrial applications.
- Reliable packaging and on-time supply fulfilment.
- Capability to support growing volume requirements.

Quality Assurance

- Standardized material selection.
- Controlled manufacturing and sourcing processes.
- Consistent inspection and testing before dispatch.
- Commitment to safety, durability and compliance.
